In association with the BigV, Waverley Basketball Association is pleased to announce a beginners Stats course for members of the WBA community. This is targeted at anyone who is interested in learning how to keep the statistics during a game of basketball and uses the FREE tool provided worldwide by FIBA, LIVESTATS

In August 2008 FIBA launched "FIBA LiveStats", free-to-download software that enables every basketball association, club or fan the possibility to publish online live results and game statistics on any website in the world. This program facilitates the capture of game statistics as they happen, and also webcasts this information live on the internet for all to see. Of course this data is fully integrated with FIBA Organizer so your competition and historical statistics are all updated after the game.

This is the program used at NBL/WNBL and BigV level competitions. Now you can use it too!

**Course Date: 8<sup>th</sup> March 2001 (Session 1) and 10<sup>th</sup> March 2001 (Session 2)**

**Course Time: 6.30 pm**

**Course Location : Waverley Basketball Stadium, Clubroom.  
cnr Power Avenue and Batesford Rd.**

These courses are **FREE** to all affiliates of Big V Basketball

You will learn:

- How to setup the program for a game
- How to "call" a game and enter the call into LIVE STATS
- How to generate Match reports
- How to publish your game to the web.

What to bring:

- Pen and paper
- If possible, a Windows notebook pre-loaded with LIVESTATS

To get the most from these sessions, please bring along a laptop with Version 3 of Livestats installed.
