

WAVERLEY FALCONS

COMPRESSION SHORTS

Compression shorts have become increasingly popular over the past couple of years and assist with body-flow and cardiovascular endurance. A range of Waverley Falcons coloured shorts emblazoned with the Falcons name on one leg will soon be available to order. The cost for these compression shorts is \$45.00 per pair. All Waverley Falcons representative teams will shortly be provided with an Order Form which details how the compression shorts can be purchased. Purchase of these shorts is to assist a Waverley Falcons Under 18 Girl's Team who are touring the USA in December of this year.

SPORTSWEAR THAT IS DESIGNED TO ASSIST WITH CARDIOVASCULAR ENDURANCE AND IMPROVE BLOWFLOW TO HARD WORKING MUSCLES

Muscle stress recovery time can be shortened and risk of injury reduced. Wearing of compression garments can assist your body stay at peak performance temperature.

The extreme fineness of the microfibre ensures an exceptional handle. It has a high capacity for moisture absorption. The fabric's specially treated finish ensures a balance between the ambient humidity and that of the body. It has extreme lightness, ensuring exceptional comfort and quickness of drying.

FALCONS

All the characteristics of Microfibre come from the finesse of each filament, fabrics made with Microfibre have an agreeable surface contact between the skin and the fabrics itself, reaching the best level of sensorial comfort.
