

FINALS INFORMATION

All finals will be played over two weeks as an 'Elimination Knock-Out' series.

Semi Final 1st v 4th

Semi Finals 2nd v 3rd

Winners play in the Grand Final

To qualify for finals, a player must play in at least eight (8) games.

Byes count as a game played.

Players who have missed games due to injury need to apply to WBA with a medical certificate covering the games missed to be considered for finals qualification. Applications need to be submitted at least 48 hours prior to the team's first finals game.

In the case where a team has only five players qualified for finals, the team must contact the administration of the WBA via email to seek permission for the next most qualified player to allow the team to have six players for the final. This action must be taken more than 48 hours prior to the game and the competition administrators will review each individual request carefully.

Players who have only participated in four or less games for the season, and players who are not completely registered on the official team lists will not be permitted to assist in finals as per this rule above.

If the team has six qualified players and one is unable to play in the semi-final, the next most qualified player as above can play. However, if the team wins the semi and is going to the grand final and the original qualified player is available, the replacement player for the semi-final cannot play again in the grand final.
